

# USH HOUSE - NORTH WEST WING

## Yearly Consumption Report

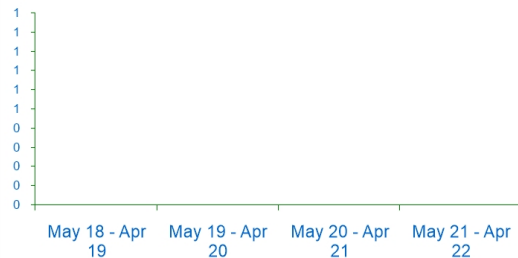

### Check your energy levels

Buildings produce nearly half of the UK's carbon emissions. The graphs below compare Electricity, Gas and Water consumption for this site.

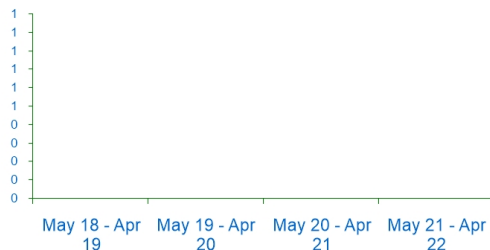

#### Electricity

#### Gas

#### Water

In the last 12 months, this building used enough energy to:

Power used  
and desk  
ation, air  
lifts.

OR

for  
ater. If  
s here  
building  
it is  
l.

In the last 12 months, each person in this building used:

ied by  
ter  
ks,  
wers.

Good practice is around 16 litres per person per day.
